A message from the

PRINCIPAL

Dear Parents/Carers,

I am sure you will agree that the children have done us proud this week in their performances! We always have

issues as we use the village hall which does not have lights and sound

equipment but I think the children did very well using the microphones, in fact I think they rather enjoyed themselves!

STAR time: Can I please ask parents to only go into class on the day that their child has STAR time. If you are dropping a sibling off on the way to STAR time, please let them go in and get started with their reading or memory games, to make it fair for all.

Thank you for your co-operation.

We donated £135.73 to the Poppy appeal—a fantastic amount, thank you!

Before and after school clubs have now finished until January.

We are sending an updated version of the Acceptable User Agreement home for each pupil to sign today. (Unless they are in Acorn class, as this was completed recently).

The E-safe policy is also attached to this email, with the AUA in it, in case you child does not bring it home (please do ask for

another copy, if you do not receive this and are unable to print it).

Safeguarding Information:

Chroming. Chroming is basically [huffing or sniffing that involves inhalation of toxic chemicals](#).

Chroming is the act of inhaling toxic substances to get a temporary high.

The term is derived from the practice of inhaling chrome-based paint, which was once a popular way to get high. The craze has been made more popular recently due to being featured on TikTok.

We wanted to make parents aware, in case your child watches TikTok.

Walk to School week has proved very popular over the last 5 weeks.

At the beginning of the initiative 26% of children regularly walked to school.

Now 56% of children walk or scooter to school—brilliant!

Have a lovely weekend.
